13. Project Title and Description Hopi Arsenic Mitigation Project This project will construct a new rural water system that will supply the Hopi Villages of Polacca, Shungopavi, Sipaulovi and Mishongnovi with arsenic compliant drinking water. All four village are currently out of compliance with EPA's Maximum contaminant Level for arsenic. This project will construct over 30 miles of new pipeline, five new water storage tanks, several booster stations and related facilities to bring arsenic compliant water from the turquoise trail wellfield to these Hopi Villages. The Indian Health Service will be providing \$11M in funding in FY18 and EPA will be contributing \$3M. We anticipate future contributions from both agencies in later fiscal years to close the funding gap. This amendment increases EPA Funding by \$1,300,000 and updates the Scope of Work through an Addendum. The IHS Contribution is also increased by \$1,400,000. All Terms & Conditions and Period Dates remain the same.
